

Angel's Virtual World Pvt. Ltd.

About Angels Virtual World

ANGEL'S VIRTUAL WORLD is a diversified IT Automation Service Provider Company specializing in **Algo Trading Development**, Fund Management & Technology Solutions. We develop Trading Strategies & convert them into Software's to give the most useful & fair-trading applications that benefit our clients, brokers & traders worldwide & also specialized in custom trading platform software development with diverse set of algorithmic strategies & sophisticated technology to trade securities in all asset classes, i.e., Futures, Options, Commodities, Equity, Derivatives, Currency and Arbitrage for National & International Market.

What we do:

ANGELS was founded in 2017 with a goal of using our extensive learning & expertise in Technology to support Financial Sector to deliver best products and solutions to meet real-world business requirements. This approach has helped us to focus and deliver the best service, best product and best experience to our clients.

We develop the most productive & profitable applications based on strategies and **Fully Automated Trading Software's** with the use of diverse set of algorithmic strategies and technology to trade securities in all asset classes, i.e., Futures, Options, Commodities, Equity, Derivatives, Currency and Arbitrage for National & International Market that benefit our clients, brokers and traders worldwide.

Our LEARNING – PLATFORM

ANGEL'S ACADEMY is an initiative taken by the founders of ANGEL'S VIRTUAL WORLD;

- The initiative is meant to educate the common people as well as practitioner Traders to learn how to Trade, Automate & Code. We have introduced all the Sock Market Learning Courses required to become a full-fledged Trader with the knowledge of an Algo Trading Automation to work in all Global Financial Markets.
- Working on multiple segments of Global Markets at the same time
- Managing the Fund & Risk professionally like advanced Fund Managers

COURSES: Online classes on weekends only (Saturday & Sunday)

(For all working professionals, students, business class people, house wives etc.)

- a) **ALGO Development**
- b) **Stock Market - Technical Analysis**
- c) **Stock Market - Derivative Analysis**
- d) **Financial Modelling/ Fundamental Analysis**

(All courses are; Basic to Advance level courses with live market experience)

Facts about the ex-Interns/Employees:

We would also like to share the current facts about the ex-employees of our Company who joined us as basic interns from Institutes like; Ducat, TGC etc. and today they are working with big Organizations and earning handsome CTC in seven figures within the time frame of 18-24 months. We at ANGEL'S gives selected candidates an opportunity to work on huge data base with the LIVE Market experience on APIs of different Platforms/Exchanges Nationally and Internationally.

Hence, we would like to conduct an in-campus interviews online or off-line to select the desired candidates
