## WHAT is The Virtual School

Virtual school is an e-school or online school that provides lessons to students from 1<sup>st</sup> Standard to 12<sup>th</sup> Standard using web enabled technologies.

The Virtual School not only provides qualified teachers, but also delivers education in REGIONAL LANGUAGES.

## The Virtual School - Core Team

Mr. Vivin  
Ahuja

MIT, MSc, BE, MBA,

Mr. Devendra  
Kumar

MSc, MCA, MTech  
(IT)

Mrs. Kumkum  
Tiwari

MSc, MA (English),  
PG Diploma in  
Management of  
Learning Disabilities,

## History

---

In 1990s, the concept of virtual schools took birth in UK, North America, New Zealand, and Australia. This concept gained popularity along with the increase in computer usage. Its independent and flexible structure drew the attention of the students. Moreover, they don't need to go to any campus to attend classes. This concept made the virtual schools popular. The iNACOL (International Association for K-12 Online Learning) had set a standard for virtual schools in 2007. This standard was set to monitor the virtual or online learning process.

## WHY -The Virtual School

---

1. Education models where the teacher and the taught are in the same physical space is fast becoming obsolete.
2. Pure online or chalk & talk models are unsustainable.
3. Blended learning model is the only way forward.
4. Social Distancing is a must and it will be the NEW NORMAL SCENARIO.
5. The Virtual School is the only solution to multiple problems like transport, contagious infections, students at remote locations and above all affordable education.

## Many Schools do not offer Online Classes

- Many schools do not have an answer to HOW THE EDUCATION WILL HAPPEN IN THE COMING YEARS.
- Many parent and students cannot afford expensive schools because of the slowing down of the economy.
- The Virtual School offers CBSE, ICSE and other State Boards Curriculum.
- The Virtual School will conduct online exams, so that education can reach at the door step of each student.

## Qualified Teachers

Each teacher participates in *Online Teaching Methodologies* (OTM), TVS focuses on teaching strategies for building community, facilitating meaningful discussions, and providing insightful feedback online.

Inside the Class-room, teachers will work collaboratively with the students.

## Mission and Vision

### **MISSION STATEMENT**

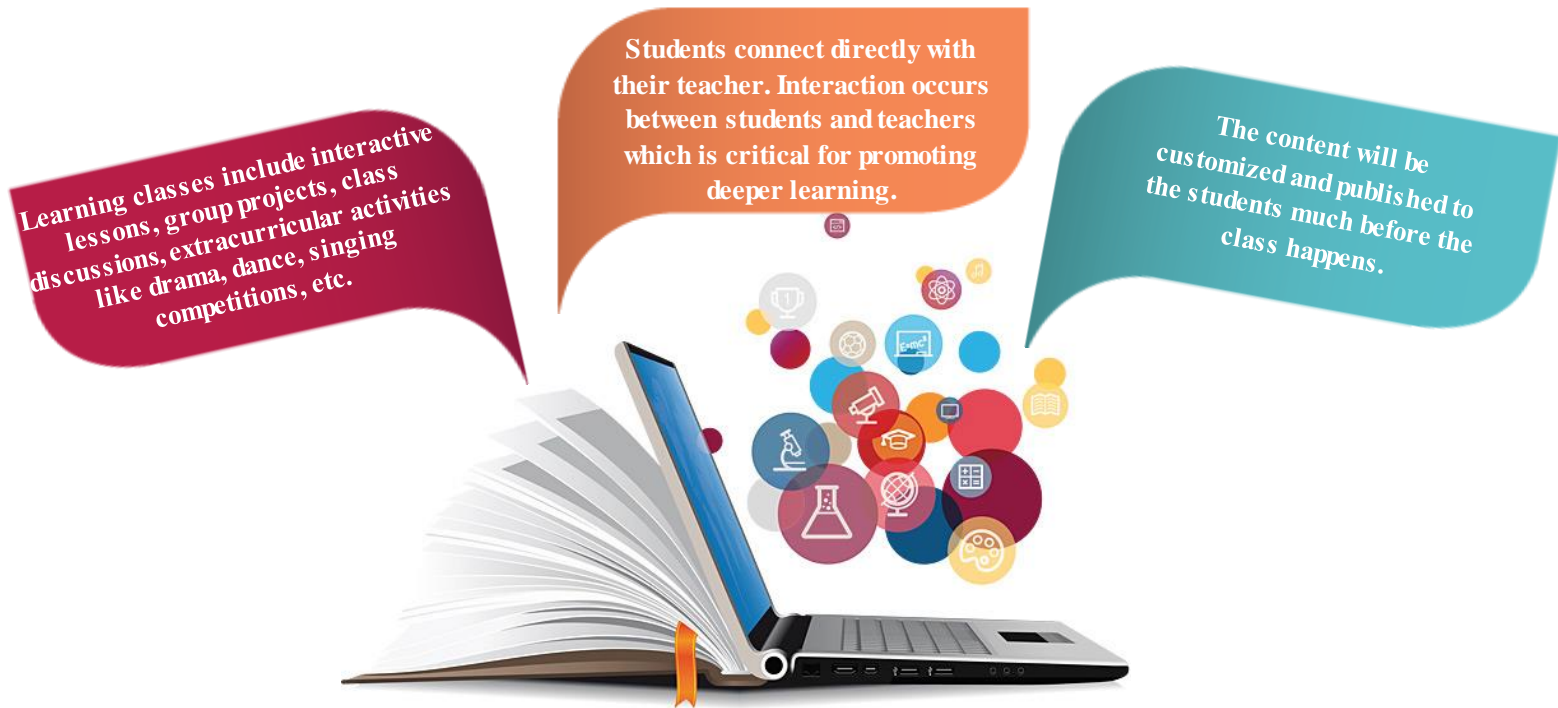

is to impart meaningful education  
across the globe.

### **VISION STATEMENT**

is to prepare students to be successful in  
their careers and to provide students and  
teachers with collaborative and  
engaging learning opportunities.

## Interactive Learning goes beyond the Class

## High-Touch Support

Every TVS Learning student has a private, personal discussion thread to ask questions, and teacher will respond to their queries.

Each phone call to our office connects you to a person. Requests for technology support can be submitted at any time and receive a response.

## Emotes a Traditional School

Day	Subject 1	Subject 2	Subject 3	Subject 4	Subject 5	Subject 6	Subject 7
Monday	Social Studies	Yoga	Samkhya	Computer	English	Hindi	Science
Tuesday	Social Studies	Computer	Samkhya	Maths	English	Hindi	Science
Wednesday	MPPT	German	Samkhya	Maths	English	Hindi	Science
Thursday	Social Studies	Gyanas	Gyanas	Art	English	Hindi	Science
Friday	Social Studies	German	UPNI	Maths	English	Hindi	Science
Saturday	CCA	CCA	Art	Maths	English	Hindi	Science

TVS will  
follow the  
CBSE, ICSE,  
& State  
Syllabus

There will be  
Two Shifts

1. Morning Shift: Timing will be from 9:00am to 1.00pm
2. Evening Shift: Timing will be from 2:00pm to 6:00pm

## How to Register?

There are **5 ways** through which you can register:

2. Teacher or the Virtual Educator can fill the registration cum admission form, along with his students. [To know the terms and conditions click on the link below](#)
3. Teacher who wants to get the certificate of Professional Virtual Educator can click on the [form for test](#).
4. For Institution/School Registration click [on the form](#)
5. For Consultant registration [click on the form](#)

## Benefits for Consultants

- Each student of TVS will be associated with one consultant who will monitor his/her progress.
- To become a consultant you have to add students to TVS.
- **ANYONE CAN BECOME CONSULTANT.**
- Consultant will be given financial incentive.
- Consultants can see and track, their student's performance.

- They can encash their financial incentive to their account.
- As soon as the Consultant registers, a photo ID card will be generated.
- Consultant can register a student from his login id with payment option and will also forward the link to any student/parents to fill the admission form.
- The financial incentive will reach his Wallet present in the website.
- Consultant ID code will be his registered mobile number and e-mail address.
- Consultant ID code should be embedded in the Admission form.

## Benefits for Virtual Educators

### Free “Professional TVS Virtual Educator Certification”

- Any educator can become a **PROFESSIONAL VIRTUAL EDUCATOR** after fulfilling the following criteria:
  - Completing free on-line training program
  - Submitting projects successfully
  - Submitting required number of project on the concerned subject
- **CERTIFIED PROFESSIONAL VIRTUAL EDUCATOR** will be given teaching and learning opportunity on our platform.
- **CONSULTANT** can also send a training link to Expert Virtual Educator for Training
  - For example: Mathematics Virtual Educator using International/ Regional Languages e.g. French/ English/ Hindi/ Marathi/ Bengali/ Oriya etc.

- Create your banner through a simple registration form in order to teach your students.
- Upload your content, create batches and conduct Live/Recorded classes.
- Upload your assignments and conduct on-line assessments/assignments.
- Educators/Partners can use preloaded contents.

## Benefits for Schools/Education Centers

- After Institution registration, the first 30 students will be given free trial for limited period of 30 days and then they can upgrade subscription.
- TVS will give them hands-on training along with certification.
- Schools/Coaching/Education Centers can use our platform for free
- Schools/Coaching/Education Centers can use all facilities of the TVS after Premium subscription.
- Special Benefits will be given to Partners.
- TVS is a platform where you can find students who are looking for Educators of various subjects.
- Our course format is asynchronous, therefore students are able to log into their courses and complete their work at any time of the day and meet weekly deadlines provided by their teacher. Students can connect with their peers and teachers, complete group projects, compose blog posts and complete individual assignments in our courses.
- TVS Learning has more than 30 years of experience supporting schools, teachers, and students. We tailor solutions to meet your education needs.

## Benefits for Parents

- We will help you find out your child career interest.
- A Questionnaire will be sent to parent and they can fill it to let us know about the behavior/hobbies/habits of their Ward.
- Parents can track the Performance of their wards.
- Counselor can recommend parents to encourage the ward in a specific area of interest.

## How It Works?

### Register as a Student

- You can take admission as a student only after filling the complete details.
  - The form will have to be approved by the Vice Principal
- Classes will include many different types of activities, for example group projects, interactive lessons, and group discussions. It will give every student a chance to participate and be heard in the class.

### Register as a Virtual Educator

- Virtual Educator can create his/her own profile and advertise their services.
- Teach online using our white board.
- Participating Tutors get credit to include their students in successfully completing TVS Learning classes.

## Partnering With TVS Learning

### Individual Enrollments

- The Virtual School Fee is Rs.1000/- per student per month.
- Registration fee is Rs.500/- and refundable security of Rs 500/-
- The first 1000 enrolled student will get 50% discount.
- The student needs to pay quarterly tuition fee.
- Students, whose parents' income are below the poverty line and are interested in studies, will get scholarship.

### Teaching Partnership

Learning teachers and schools gain access to our subject matter experts, mentors, and a community of experienced teachers.

### Student-Ambassador Partnership

Receive an incentive when you introduce students to the program. You can maximize your student' success by training a staff member.

## Exploring School and Career Pathways

---

Career exploration is a focus of discussion in many TVS Learning classes. This helps in aligning students to identify career paths that are in-sync with their interests. Students can also get a head start on a future career by taking a string of specialized courses within TVS.

TVS Learning classes prepare students for life after high school through engaging subject matter, unique topics, and World Wide Web applications.

## Additional Activities

TVS arranges various workshops and seminars organized for the benefit of students regarding the latest trend and technology in the industry and guide students by organizing different competition's like

Resume  
Writing

Mock  
Interviews

Interviewing  
Skills Workshops

Singing

Dancing

Role Play

Photography

Calligraphy

Poster Making

Elocution

Debate

## TVS Course Highlight

- The same feel of traditional school will come while the child is sitting back home.
- Teachers can teach from home. The lesson plan they will be making will remain with them in the cloud.
